Hiab Moffett Truck-mounted forklifts

Load Handling & Delivery Solutions

Truck-mounted forklifts are an important asset for successful businesses throughout all industries, helping to make more deliveries in less time.

Used on one or on several trucks, this loading device offers outstanding versatility. Hiab Moffett Truck-mounted forklifts are unrivalled in performance and reliability.

Equipped with the latest features for optimised load handling they help you master typical load handling challenges:

- > Faster deliveries result in improved operating efficiency and allow you to deliver more goods in less time
- > No more waiting on off loading equipment/personnel on site
- > Negotiate within confined areas, including one side off loading
- > Eliminate manual handling
- > Reduce product damage during transport, on-and off loading
- > Deliver anytime, being entirely independent from other off loading equipment and personnel
- > Pick and choose your load order as you can access and off load from any location of the vehicle
- > Offer premium customer service, delivering on demand, on time, efficiently and directly to the location required

Hiab Moffett M5: Powerful and compact, offering great lift capacity and outstanding rough terrain capability

The M5 is the specialist for medium to high lift capacity, no matter what the conditions. Compact and strong it handles the most difficult operating conditions on rough terrain, while mastering even the most confined areas, when transferring loads quickly and safely throughout busy yards, warehouse facilities or traffic. The M5 features a lift capacity of 2000 kg and 2500 kg and is available with 4-way mode for negotiating tight access areas with long loads.

Leading Technology

Standard Features

The M5 is the dedicated moving mast model for lift capacities up to 2500 kg, designed for a wide range of industrial and commercial applications, especially for the use on difficult terrain. The extensive standard features of the Hiab Moffett M5 provide maximum operating safety and efficiency, no matter what the working conditions are.

- > Flashing beacon and work lights
- > Reverse bleeper, road lights and interlocking seat belt
- > 'Clear View' Mast for better visibility
- > ROPS/FOPS Driver Compartment (Rollover/Falling Object Protective Structure)
- > Stabilizers for extra stability when loading / unloading in front of the wheels
- > Easy-Drive Control to prevent stalling of the Diesel engine
- > "Lower 'N' Go"
- > RKM: Advanced hydraulic filtration keeps hydraulic oil much cleaner
- > Direct drive engine and hydraulic oil pump for high performance
- > Differential Lock for better grip when operating on rough terrain
- > Easy access to servicable parts

Options

Whatever the applications, the Hiab Moffett M5 is available with an extensive range of options:

- > Different lifting heights
- > Different tyre options
- > Multi-Directional / 4-Way System: All wheels can be turned for travelling sideways when handling long loads and/or negotiating tight access areas or narrow openings
- > Choice of Forks
- > Ground Mount®
- > LIFT ASSIST® System: The combination of a pantograph or telescopic forks and LIFT ASSIST® Arm allow loading/unloading from the far side of a truck at full lift capacity

Accessories

We provide solution to some of the most unique load handling requirements with a variety of attachments available to enhance the M5.

- > Telescopic Forks
- > Pantograph Reach
- > Fork Positioner
- > Fork Extensions
- > Clamps
- > Rotator
- > Enclosed Cab
- ...and much more

Designed to handle an assortment of products, our Attachment Line offers efficiency and flexibility.

Ergonomics

- > Tinted all-weather overhead guard cover
- > Spacious, open cabin design for maximum visibility and comfort
- > Easy reach lever control
- > Comfortable pedal and steering position
- > Operator friendly entry/exit with slip resistant steps and easy reach grab handles
- > Smooth driving

Safety

- > Maximum Visibility (360 degrees)
- > Clear view mast
- > Overhead Guard ROPS/FOPS tested
- > Interlocking seat belt
- > Flashing beacon, work lights and reverse bleeper
- > LED road lights for transport on truck/trailer

Performance

- > Compact and highly manoeuvrable
- > Excellent gradeability
- > Low unladen weight
- > Faster unloading
- > One-side off/onloading
- > Safer handling of goods

Maintenance

- > Long service intervals
- > IP 65 proof electrical components
- > Easy access to all serviceable parts
- > LED lighting for longevity and less maintenance
- > Weather and corrosion resistant features include:
 - Protected electrics
 - Fully enclosed dashboard
 - Powder-coat paint
 - Nitrotec treated pins
 - Dacromet-coated mast and roller chains
